

TASKI Sprint 200 JFlex

Multi purpose cleaner - concentrate

E1a

Description

Sprint 200 JFlex is a highly concentrated alcohol-based daily cleaner for water-resistant hard surfaces.

Key properties

- Based on an effective combination of alcohol and surfactants
- Fast acting
- Fresh fragrance
- pH-neutral

Benefits

- Very economical thanks to excellent cleaning performance at low dosages
- Dries quickly without streaking
- Leaves a pleasant fresh fragrance
- Suitable for use with single disc machines and wet mopping systems
- Convenient and controlled dilution through the JFlex system

Use instructions

The J-Flex dilution system does give controlled dosing both for triggers as for bucket solution.

Spray Cleaning:

1. Rotate to selector BOTTLE and fill the spray bottle
2. Spray the solution on a damp cloth and wipe. Rinse or replace the cloth regularly
3. Use a sponge pad to remove stubborn soil

Bucket Cleaning:

1. Rotate to selector BUCKET and fill bucket
2. Apply the solution with a cloth/sponge or mop and remove the soiled solution
3. Use a sponge pad to remove stubborn soil

Pack	Dosage		Amount of RTU solution (litres) per pack	Amount of 750 ml trigger bottles	Amount of 5 litre buckets
1.5 litre	Bucket	1:250	375		75
	Trigger	1:50	75	100	
5.0 litre	Bucket	1:250	1250		250
	Trigger	1:50	250	333	

Technical data

Appearance:	Clear blue liquid
Relative density [20°C]:	0.97
pH-value neat:	6.5 - 7.0
pH-value for both solution rates:	6.5 - 8.5

The above data is typical of normal production and should not be taken as a specification.

TASKI Sprint 200 JFlex

Safe handling and storage information

Safe handling:

Rinse and dry hands after use. The use of a skin reconditioning cream, such as **Soft Care Derasoft H9**, may be beneficial. For prolonged contact, protection for the skin may be necessary.

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet. For professional users/specialists only.

Storage Information:

Store in original closed containers away from extremes of temperature.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EC Directives 73/404/EEC and 73/405/EEC and their subsequent amendments.
